Subject to assessment of your application, the Immigration Department may require you to furnish additional information / document to support the application. The process of an application for HKSAR passport normally takes 10 working days (i.e. Monday to Friday excluding General Holidays) provided that all necessary documents and photograph are legible and meet our standard, with fee paid. For online submission, an extra two to three working days may be required for handling formalities. A Collection Notice specifying the period of collection and the office for collection will be sent to you later.
